

MENTAL HEALTH POLICY 2022

POLICY STATEMENT

At LanguageUK, we are committed to supporting the mental health and wellbeing of our students and staff. Our culture is supportive, caring, and respectful. We encourage students to be open and we want each student to have their voice heard. At our school, we know that everyone experiences different life challenges, and that each of us may need help to cope with them sometimes. We understand that anyone and everyone may need additional emotional support. At our school, positive mental health is everybody's responsibility. We all have a role to play.

POLICY SCOPE

This policy is a guide to all staff, including teachers, homestay providers and non-teaching staff. It outlines our approach to promoting student mental health and wellbeing. It should be read and understood alongside our other relevant school policies.

SIGNPOSTING

We will ensure that all staff, students, and parents are aware of the support that is available in our school for mental health. This includes how to access further support, both inside and outside of school hours.

All staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

IDENTIFYING NEEDS AND WARNING SIGNS

All our staff will be trained in how to recognise warning signs of common mental health problems. This means that they will be able to offer help and support to students who need it, when they need it. These warning signs will always be taken seriously and staff who notice any of these signs will communicate their concerns with the Designated Specialist Safeguarding Lead as appropriate. Staff will be able to identify a range of behaviour and physical changes, including:

- Physical signs of harm.
- Changes in eating and sleeping habits.
- Increased isolation from friends and family and becoming socially withdrawn.
- Changes in mood.
- Talking and/or joking about self-harm and/or suicide.
- Drug and alcohol abuse.
- Feelings of failure, uselessness, and loss of hope.
- Secretive behaviour.
- Clothing unsuitable for the time of year, e.g., a large winter coat in summer.
- Negative behaviour patterns, e.g., disruption. Staff will also be able to identify a range of issues, including:
- Attendance and absenteeism.
- Punctuality and lateness.
- Changes in educational attainment and attitude towards education.
- Family and relationship problems.

MANAGING DISCLOSURES

If a student discloses concerns about themselves or a friend, to any member of staff, then all staff will respond in a calm, supportive, and non-judgmental manner. All disclosures will be recorded confidentially and only shared with the appropriate authorities if it is necessary to keep the child safe, in line with our Safeguarding Policy.

CONFIDENTIALITY

If a member of staff thinks it is necessary to pass on concerns about a student, either to somebody inside the school or somebody outside it, then this will first be discussed with the student. They will be told:

- Who the staff member is going to tell.
- What the staff member is going to disclose.
- Why it is necessary for somebody else to be told.
- When the contact will be.

Staff

Should any staff member feel the need to discuss personal mental health issues with a trained MHFA team member, then we will make sure there is the time and space available for them where the appropriate support and advice will be given. Whatever is shared will be held in confidentiality. The exception to this is if there is thought to be a risk to the staff member or someone else. If it is necessary to contact a third party (e.g., GP or mental health team,) this will be discussed first with the staff member if possible/appropriate.

TRAINING

All staff will receive regular training in child mental health so that they can recognise and respond to mental health issues. This will form part of their regular safeguarding training and is a requirement to keep children safe. Training records will be held in staff files.

Public Health England has produced a range of resources to support secondary school teachers to promote positive health, wellbeing and resilience among young people including its guidance <https://www.gov.uk/government/publications/promoting-children-and-young-peoples-emotional-health-and-wellbeing>

POLICY REVIEW

This policy will be reviewed every year. This is so that it remains up to date, useful, and relevant. We will also regularly review it in accordance with local and national policy changes.
